Dear Parents,

Warm greetings to all of you!

As we celebrate Earth Day, it's a moment for us to reflect on our impact on the environment and take proactive steps towards sustainability. At MPS International, we believe in generating not only academic excellence but also a sense of responsibility towards our planet.

With this ethos in mind, we are thrilled to announce our **initiative to make MPS International a plastic-free campus**. Plastics, as we all know, pose a significant threat to our environment, marine life, and overall ecosystem. By reducing our usage of plastics, we can contribute to a healthier planet for current and future generations.

We invite each and every one of you to join us in this noble endeavor. Here's how you can help:

- **Say No to Single-Use Plastics:** Avoid using single-use plastics such as plastic bags, straws, water bottles, and cutlery. Instead, opt for reusable alternatives like cloth bags, replacing plastic water bottles and lunch boxes with stainless steel. Use a paper/sheet to cover the book & copies instead of a plastic cover. Use the pencil box made up of cloth/steel/metal.
- **Spread Awareness:** Educate your ward, friends, and family members about the importance of reducing plastic usage and the harmful effects of plastic pollution. Small actions collectively make a big difference.
- **Participate in Clean-Up Drives:** Join us in organizing and participating in clean-up drives within and outside the school premises. Together, we can make a tangible impact by removing plastic litter from our surroundings.
- **Be Creative:** Encourage creativity in finding innovative solutions to reduce plastic consumption. Share your ideas and initiatives with us through emails/messages, and let's work together to implement them.

By embracing these practices, **we can transform MPS International into a role model for the benefit of our own planet**. Let's take pride in our collective efforts to protect our planet and leave a lasting legacy for future generations.

Thank you for your cooperation and commitment to this cause. Together, let's make every day Earth Day!

Best regards,

Manju Sharma

(Vice- Principal)
