CIRCULAR

Dated : 26.04.2024

Dear Parents,

Warm greetings to all of you!

We are excited to inform you about an upcoming activity at MPS International in celebration of **World Environment Day**. Our **junior students** will be presenting bird feeders, lovingly called "**parinda**," to the **senior students** tomorrow, 27.04.2024. These feeders are not just a gift but a symbol of our commitment to nurturing our environment and its inhabitants.

To ensure the success of this activity and the well-being of our feathered friends, we kindly request your assistance. Here are a few guidelines for your ward:

**Placement:** Encourage your child to place the bird feeder in an appropriate location. Ideally, it should be somewhere quiet and away from direct sunlight. A shaded area where birds feel safe to feed and rest is ideal.

**Photographs:** We would love to capture the joy of this moment! Please remind your ward to take a photograph of themselves with the bird feeder once it's set up. These photos will be cherished memories of their contribution to the environment.

**Care and Maintenance:** Just like any other living creature, birds need care and attention. Your child should make sure that the feeder is regularly filled with fresh seeds or bird food. Additionally, they can clean the feeder periodically to prevent the spread of diseases among the birds.

**Observation and Learning:** Encourage your child to observe the birds that visit the feeder. It's not just about providing food; it's also an opportunity for them to learn about different bird species, their behaviors, and the role they play in our ecosystem.

By participating in this activity, our students will not only learn about environmental conservation but also develop empathy and a sense of responsibility towards all living beings. Your support in guiding your ward through these steps is invaluable and greatly appreciated.

Best regards,

(Manju Sharma)

Principal
